

Colour Chaos

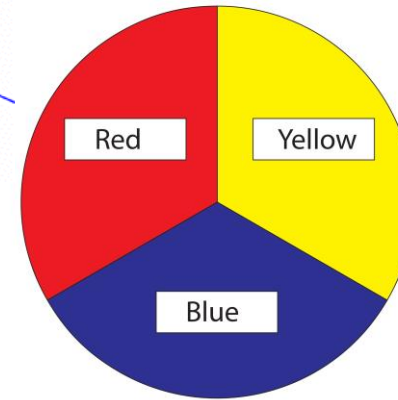

Who is Friedensreich Hundertwasser?

- He was an artist who is famous for using bold colours and for not using straight lines.
- He was born in Austria in 1928
- He started drawing at the age of 6
- Why did he change his name?

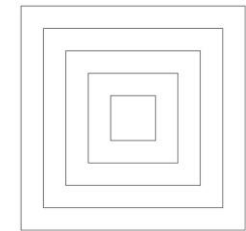

Primary Colors

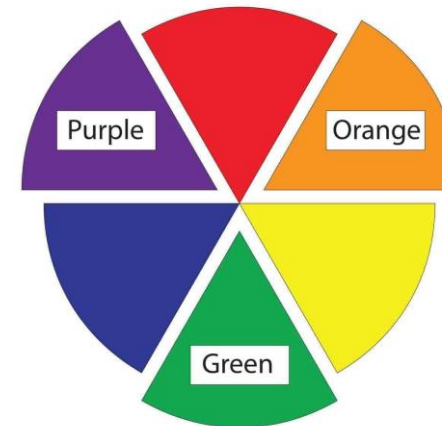

Bright and **bold** colours are strong and stand out.

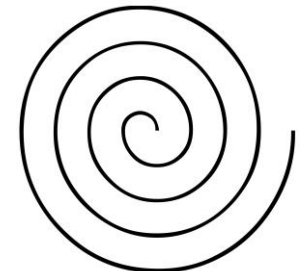

Concentric shapes have the same centre.

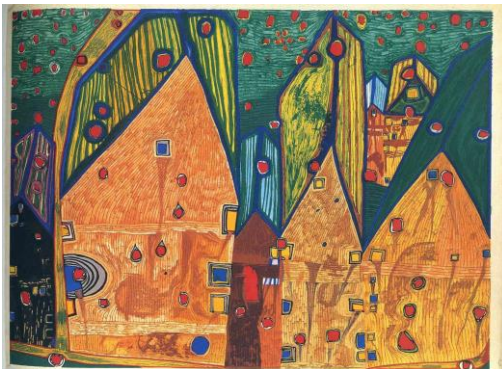

Secondary Colors

A spiral is a winding curve.

His inspirations were nature, architecture and people

Do more:

- Practice mixing primary colours together to make secondary colours.
- Practice your own concentric shapes.
- Practice creating thin, thick, straight, curved and spiral lines.
